ARMADILLO & CO'S LA SHOWROOM Fresh from launching two new rug series, Armadillo & Co have opened their first international base. The showroom allows products to speak for themselves, but the ornate wooden ceiling and sheets of glass add a quiet magic to the space. armadillo-co.com

OWEN GREY & GOLD-LEAF VANITY This item is part of a chic new furniture range from James Said that melds old-world glamour with contemporary tastes. It's reminiscent of the 1930s, evoking just enough period charm without seeming like a gimmick. jamessaid.com.au

SECRET GARDENS BY MATTHEW **CANTWELL** Many

of us are not lucky enough to have a yard by the award-winning Secret Gardens team. For now, we can settle for their new coffeetable book, which offers insights and glossy pictures of their best projects. secretgardens

HAND-BUILT BY OLIVIA FIDDES There's something organic about this collection from young gun Olivia Fiddes, not merely because the products are hand-crafted, using coiling and slab building techniques. Their colouring and subtle curves celebrate the raw loveliness of nature. oliviafiddes.com
